

THE GREAT NEWS

JANUARY 2023

0 0 0 1

Almost everything, except God Almighty Himself, appears to have a beginning. The kosmos began when the spirit of God moved upon the face of the waters. The human race began when God breathed into the clay and man became a living soul. The Nation of Israel, Islam and Christianity began when Terah begat Abram, and Christianity got its start in the Holy Spirit overshadowing Mary and her conceiving a son. From Disney to Microsoft, and Elvis Presley and the Beatles everything started from somewhere and either continues on to this very day or has faded from

memory and been forgotten. The year 2022 was the official start of Christian Ultra Libertarians for Truth (cult) but it has roots going all the way back to when Isaiah prophetically penned the words: Isaiah 61:1 The Spirit of the Lord GOD is upon me; because the LORD hath anointed me to preach good tidings unto the meek; he hath sent me to bind up the brokenhearted, to proclaim liberty to the captives, and the opening of the prison to them that are bound. This passage was reiterated and assigned to Himself when Yeshua stood in the synagogue, read this very

passage out loud, and said, "This day is this scripture fulfilled in your ears." Collectively we hearken back first to Isaiah's prophecy, then to the Lord taking ownership of it and remind all willing to hear that the Lord has "proclaimed liberty to the captives and has opened the prison doors to them that are bound" by having victory over all things through His life, death, resurrection, ascension and return, reconciling the world to His Father and giving all people liberty to live as they please, unconditionally loving all while rewarding those who choose faith a place in His family.

Start-ups are not easy and require a willingness to endure change, uproar, difficulty and loss. I want to thank those of you who have heard the Great News, who have allowed for error and mistakes on my part, and have played such an important role in our attempts to package this ancient biblical message in a form today that can be tested, challenged, understood and embraced by any and all willing to hear. We look forward to our revitalization of this message to take root downward, to bear fruit upward, and to someday overtake any and all religious attempts to capture or imprison the human soul.
